

Question:

Surah 21:30 does it in any way refers to the theory of Big Bang? A tradition attributed to the holy Imam al Baqir seems contrary. Commentary of Quran by Mir Ahmed Ali with special notes from Agha Pooya Yazdi page 1008 to 1009.

Answer:

The Big Bang theory is just a theory which can be right and can be wrong. We do not say that it is definitely right nor definitely wrong, because scientific research is always progressing and it might bring more theories. The narration from Imam Mohammad Al-Baqir (AS) in Tafseer Noor Al Thaqlain says that the sky was not raining at all, and Allah (SWT) opened the sky to rain, and the earth was not having plants at all, and Allah (SWT) opened the earth to plants.
