

Question:

If someone's husband is a hafiz can he take his wife to jannat? I've heard a hafiz can take 10 people to jannat.

Answer:

First of all, only memorizing the Quran in our memory is not enough, many people can do that. What is really important is to learn, understand and practice the Quran. With these conditions met, memorization of the Quran becomes more meaningful, because the Quran would be in his heart, head, hands and the life of a person. Such a Quran would in a position to help his wife and other people in this world and hereafter. Instead of 10 people he may take millions of people to Paradise. Reference:
